

Fluffy Favourites is a 25 line, 5 reel video slot game offering free game and prize pick opportunities where you can multiply your rewards.

Be awarded with up to 25 free games when 3 or more scattered Elephant symbols appear anywhere on the reels. The free games feature is played using the same number of lines and bet per line as the triggering game.

Three or more scattered Claw symbols trigger the Toybox feature, allowing you to win up to 100x the initial bet.

The average expected long term return to player (RTP) percentage for this game is 95%.

How to Play

- Select the Bet Amount per Line

Select the bet per line value by hovering the mouse over the Change Bet button.

Click the Bet UP or Bet DOWN button to modify the bet per line, or MAX BET to select the maximum number of bets per line available.

- Select the Number of Lines

Select the number of lines to play by hovering the mouse over the Change Lines button.

Click the Line UP or Line DOWN button to modify the number of lines to play up to a maximum of 25, or MAX LINES to select the maximum number of lines available.

The maximum number of lines available will be selected by default.

- **Start the Game**

Click the Spin button or press the Spacebar key on the keyboard to spin the reels and start the game.

Auto Play

Auto play allows the option to play more than one game without having to continually click the Spin button. Auto play will continue for the number of spins selected.

By holding the mouse over the Auto Play button, the auto play option will pop up from the Auto Play button.

Select the number of games to play. Auto play will begin immediately.

The Auto Play button will change to display the number of auto play games remaining, and also change to a Stop Play button. Clicking this will end auto play immediately, or at the end of the spin in progress.

Help (Options)

Clicking the Options button will let you choose to view the Last Win or scrolling Paytables information.

Paytables

The paytables provide a description of the features in the game, the setup of the paylines and any other relevant information about the game. All of the bet options, help pages etc. are available via the Options button.

Scrolling up or down through the page will navigate through all the information and options.

Other Tools

It is possible to mute the game by clicking the speaker button.

How to Win

To win you must match symbols on a payline as listed in the paytables, or trigger a feature by spinning the symbols required.

Fluffy Favourites is a 25 line game.

Players can bet on any number of lines from 1 to 25.

The 25 paylines are displayed in the in-game paytables, accessed by clicking the Options button. The paylines are as follows:

PAYLINES								
• LINES if available								
1	2	3	4	5	6	7	8	9
10	11	12	13	14	15	16	17	18
19	20	21	22	23	24	25		

Payouts

1. A single payment only made per winning line. Highest win only on each selected line.
2. A symbol can contribute to one or more winning lines. The win line payouts are accumulated.

3. The value of any payout is displayed in the WIN area.

Substitute

The Elephant Symbol substitutes for all symbols except scatter symbols.

Prizes are doubled when awarded using an Elephant substitute.
