- **“PAY LINES” information menu**

Dangdut Queen is a 30 lines game. The details of each line can be displayed by clicking the PAYLINES menu.

Other Tools

Sound Setting

Player will be provided with the functionality to mute the sound.

Gamble Feature

Gamble feature can be activated by clicking the Gamble symbol with a condition that the player must win any line on the current bet.

Gamble symbol will appear if the player wins any line.

How to Win

To win, player must match the symbols on a winning line as listed in PAY LINE or trigger a feature by spinning the required symbols. Dangdut Queen is a 30 lines game which allows the player to bet on all or any number of lines from 1 to 30.

Gamble Game Feature

The Gamble Game option will be available if there is a certain winning combination as a result of the regular spin. The gamble button (located at the upper portion of the spin button) is enabled and the player has the option to gamble his/her winnings. The player is required to choose one poster. The player could double his/her winnings or lose his/her winnings including the original bet.

Clicking the gamble button, the gamble scene will appear.

The player will win the gamble game if the chosen poster contains the Dangdut Queen logo.

Payouts

1. A single payout per winning line.
2. A symbol can contribute to one or more winning lines. The win line payouts are accumulated.
3. The value of any payout is displayed in the WIN area.
